

Broad Spectrum Childhood Trauma:

Strengthening A Trauma Informed Response
To Survivors In Our Professions,
Communities, & Churches

September 20-21, 2019

\$149 Registration for
this two day conference

Everyone has a story!

The people we work, live, play, worship, and interact with in our everyday lives all have a personal history. What we often do not realize is just how painful and profoundly life-altering many of those stories are. This conference will encompass an overview of the childhood trauma spectrum, from single event to complex, and explore best practices in evaluation and treatment.

Don't miss this opportunity! Register at www.eleosupportnetwork.org/events/2019-conference

- Keynote speakers with regional, national, and global influence and impact.
- 28 breakout sessions offered over two days; many with CEU's.
- Newly redesigned hotel venue close to airport with complimentary shuttle, beautiful and innovative indoor atrium renovation, a block of reasonable conference rate rooms available for booking.
- "Ask The Experts" panel on Friday evening, September 20. Bring your questions and concerns for their advice and feedback.
- Invaluable opportunities for networking and access to effective resources.

From plenary speaker to breakout session presenters, the effects of childhood trauma, as well as the hope and healing that is possible, will be presented in a way that speaks powerfully to a multi-disciplinary audience. This is the conference for you if you're a first responder, mental health professional, survivor, church ministry volunteer or staff member, social worker, adoption services provider, educator, criminal justice system professional, youth at risk or child protection services advocate, or a concerned and compassionate citizen. The collective wisdom shared at this conference will open your eyes, impact your heart, strengthen your sense of support, and better equip you for your work.

Nancy Murphy, DMin, LMHC, E.D. of Northwest Family Life Learning & Counseling Center, Seattle, WA, Presenter and Participant in the United Nations Commission on The Status of Women, UN Headquarters, New York, since 2003.

Gregory Moffatt, Ph.D., LPC, CPCS, Child trauma specialist/counselor, college professor/Point University, GA, Lecturer at FBI National Academy, Quantico, VA, for a ten year tenure.
